CHRISTMAS

The Christmas times have come again. The good old time when Santa Claus makes his rounds and gives away his presents and pretty things. The little folks love to see the day come because they know old Santa will bring them something, even if it is only a little red apple, and the little child with a red apple, at Christmas time is happier than Rockefeller with all his millions. It is the time when broad charity opens its purse and gives something to the poor and lowly. It is the time when the good Samaritan brings gladness to the poor, and warns their hearts toward their fellows, and they see that this old world is not so cold or cheerless after all.

The News wishes all its readers a happy, pleasant Christmas.

No doubt Brown the cotton bull is happy, and we wish Brown a merry Christmas.

The Pope has plenty of money now; the widow's mites count.

The merchants of Statesboro have been happy this week.

The News extends greetings to its two thousand subscribers, and wish them all a happy Christmas.

Will old Santa Claus forget the country editors on his round? If he does their presents will be short.

The Panama scandal will play a prominent part in the next campaign, but if scandals are injurious to party success, the Republican party is gone, world without end. They certainly have a number of them to their credit this year.

Some of our exchanges are dumping on the carnivals that are being the Georgia towns. These carnivals are usually fakes and could be put out of business. They are worthless nuisances and every dollar expended in patronizing them is wasted.

The Savannah News reports that the armed policemen will stand guard Christmas eve night on Front Street, while the passing throng will celebrate Christmas, the birth of the meek and lowly Jesus. Truly the observance of Christmas has become to be a mockery and a humbug, a time for drinking and frolicking, the very opposite to the matter in which the day should be celebrated.

Cribbs, the Coffee county prisoner, was hanged at Douglas Friday. His fate was a sad contemplation. He was the first to be hanged in this county in a long time. His execution should serve as an object lesson to those who are ready to take that which they cannot give.

The United States Government has sent a fleet of warships to the North Atlantic to prevent Colombia from forcing Panama back in the union. Its patriotic forerunners followed in Panama to do the same thing that the Southern Confederacy did 49 years ago.

There is a big row in Congress over the Panama deal. All the nations seem to have played the Yankee trick on those little fellows in Colombia. The end justifies the means seems to be the excuse offered for the shady transaction recently made on the Isthmus.

If you want a good overcoat at E. C. Oliver's. He has sold his first stock but has just got new lot in all sizes and prices. See them.

Will It Work

We notice by the daily papers that the county officials of every county in the First Congressional District will be asked to contribute to the fund for the building of a Georgia building at the St. Louis, World's Fair, and that Chatham county has started the ball to rolling by making a very liberal contribution.

If we are correctly informed the different counties have no fund from which to draw this money from. The law is very plain on what they can appropriate the people's money to, and there is no law authorizing this expenditure. We would be glad to see Georgia have the building but just how the counties are going to appropriate the necessary funds we are not aware. We know that Judge Evans charged us out of court on this same line last spring when it was proposed that Bulloch assist in getting up the County Exhibit at the State Fair.

There was no law to appropriate county funds to such purpose then, and we have not heard of any laws of this nature being created since.

The News took upon itself the responsibility of the exhibit, got it up and did the best we could at a big loss of time and money, and we are under the impression that the Georgia Building will have to come in some way outside of the different county treasuries.

A Timely Suggestion

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by W. H. Ellis.

BIG JUG TRADE.

All strains have been delayed for the past few days on the account of the heavy Christmas express. The Jug trade dealers have had their hands full. The express office at this place is well filled with "Oh be Joyful," and the same thing might be said of other offices all over the country.

Post Master Rigdon has had his hands full issuing money orders. The larger part of them have gone to liquor dealers in Savannah. The boys are flexing to tank up, but this is something that happens every year. "Boys will be boys" you know.

Fight Will Be Bitter.

Those who will persist in closing against the continual recommendation of Dr. King's New Discovery for consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall of Beall, Miss. has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles cured her." Guaranteed by W. H. Ellis Drug Store. Price 50c, and \$1. Trial bottle free.

Our Friday's Issue.

On account of the legal advertisements, we will have to issue some kind of a paper on Friday, just what it will be we can't say, but if the public are looking for much news in it they will be mistaken.

It is a custom with all the weekly papers to take Christmas week. Our publication day being on Christmas day it will be impossible to get printers to do much work. Part of the issue will be made in a reduced size.

We will be with you next Tuesday again and twice a week thereafter.

J. D. KIRKLAND

ATTORNEY AT LAW

METTER, GA.

JAY.

Hello correspondent! We were glad to hear from our little town last week. Now I would like to hear from Brooklet, Harville and other points.

Hurray! for Christmas is coming and the people around here are looking forward for a grand time. Mr. John Waters, of Grimsbury, visited our community on Sunday last.

Messrs. T. R. Richardson and G. R. Waters, of this place, visited friends and relatives at Grimsbury on Sunday evening. Mrs. Janie Richardson of Savannah, came up to spend the Xmas holidays with friends and relatives near Jay.

Messrs. Meldrim and Ben Davis, accompanied by Mr. G. P. Richardson, spent the afternoon near Newwood on Sunday.

Mr. William Harvey and family left old Bulloch and moved to Upson county where they will make their future home. Messrs. T. R. and G. P. Richardson and Meldrim Davis went out bird hunting on Saturday and carried in a fine string of birds and rabbits.

Mr. Dan Lee, of this place, visited the city of Statesboro on Monday. Mr. B. A. Waters of Jay, has just returned home from a trip to Savannah.

Mr. Wyley Davis, of this place, was a visitor to Statesboro on Monday.

Mr. Louis Wilson, of Enit visited our community on last Sunday.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c, and that is returned if it doesn't give perfect satisfaction. Guaranteed by W. H. Ellis drugstore.

An Honest Admission.

We notice in the columns of The Savannah Morning News of Sunday the following extract from an interview with Hon. Rufus E. Lester on his return from Washington to spend the holidays. The following is his reply to questions regarding what was happening in Washington:

"Why, I learn more by reading the Morning News while in Washington," said Col. Lester, "than I hear up there. Those Washington newspaper fellows get on to things and print them before Congress knows what is going to happen. I get most of my information from the Morning News, and the people here who read the paper know as much as I do."

From the above it will be seen that our Hon. Representative is looking well to the interest of his constituents. He is well posted on what is going on. We know this because he says he gets his information from the columns of the Savannah Morning News.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich. says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." There are people in this community who need just such a medicine. For sale by all druggists. Every box warranted.

Apples From New Mexico.

Mrs. F. C. Wallis received two dozen fine apples as a Christmas present from her mother in New Mexico on Saturday. The apples were unusually fine ones and the express on the two dozen was \$3 or just 124 cents a piece.

A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Biliousness, Headache, Liver or Bowel troubles. They are gentle yet thorough. 25c, at W. H. Ellis Drug Store.

MONARCH Hog Cholera Specific

It is guaranteed to prevent, and will cure Hog Cholera.

Monarch Hog Cholera Specific will cure in most cases, if used properly, and if it fails to do what we claim for it, we will refund your money.

Try it and be convinced. For further particulars call on or write Aaron McElveen, Arlen, Ga.

Agents wanted in every county and town.

After The Bay District.

Our friends down in the good old county of Bryan are again making goo goo eyes at the Bay District fellows. For some time they have been counting on an annexation scheme by which they propose to make the Bryan county line run up to Black creek and take in the 134th militia district and make it a part of Bryan county.

Hon. L. M. Lanier, representative from Bryan, was in Statesboro one day last week and says that the people in "The Bay" want to be a part of Bryan. He thinks if they can annex "The Bay" they will have no trouble in moving the county seat to Pembroke.

The Lone Star State.

Down in Texas at Yoakum, is a big dry goods firm of which Mr. J. M. Haller is the head. Mr. Haller on one of his trips East to buy goods said to a friend who was with him in the palace car, "Here, take one of these Little Early Risers upon retiring and you will be up early in the morning feeling good."

For the "dark brown" taste, headache and the lousy feeling DeWitt's Little Early Risers are the best pills to use. Sold by W. H. Ellis.

Negro Children Drowned.

A sad accident occurred at Blitch's bridge, on the Ogeechee river on Sunday. Mathew Daughtry, an industrious man, was moving his family and effects from Scriven county across to one of Dr. Holland's farms; five little children were in a buggy, and while crossing the bridge over the main run, the horse shied at a hole in the bridge and backed the buggy off into the river. Two of the children were drowned before they could be rescued.

Smith's Sure Kidney Cure

We defy the world to produce a medicine for the cure of all forms of Kidney and Bladder troubles, and all diseases peculiar to women, that will equal Smith's Sure Kidney Cure. Ninety-eight per cent. of the cases treated with Smith's Sure Kidney Cure that have come under our observation have been cured. We sell our medicine on a positive guarantee, if directions are followed, and money will be refunded if cure is not effected.

Should Call A Halt.

Now that the Christmas Holidays are here we find ourselves in the midst of a general jollification and wasting of money.

It has been a practice for the past few years for a crowd of men and boys to run wild. Particularly is this true as regards the use of fireworks. They insist in making life hideous for everything around them in their fondness of throwing away their money. The practice has become to be a nuisance. The practice of burning up money at the expense of the peace of the balance of the community should be placed under stricter regulations. There is no excuse for the practice to start with. It is usually engaged in by a class of people who have little regard for the rights of others.

In a few days it will be dangerous for a body to drive through town on the account of the freaks. Those who insist in discharging them care very little whose horse it frightens, and we venture the assertion that there will be many a dollar expended for fireworks this week that should be applied to the grocery account.

Every dollar burnt up on fireworks, sky rockets, and Roman candles is worse than thrown away and we hope the city authorities will exercise the strictest care over them.

COMMUNICATED.

Register Ga., Dec. 21, 1903—

Prof. J. F. McCrackin, assisted by the young ladies of this section, gave a box supper on the 18th inst. for the purpose of stimulating an interest among the patrons and to get money for school purpose. Proceeding the sale of the boxes, there were some educational talks by Mr. Henry Jones, et al. Also, a recitation by Miss Lula Donaldson, of Statesboro.

The greatest interest was shown: Quite a large crowd attended and every body seemed to have a good time; Wit and humor characterizing the whole program. From the way the boxes sold, one would think that the men and boys present, know a good thing when they see it. The entertainment succeeded, beyond the expectation of the most optimistic; A goodly sum of money being collected. The people are to be complimented for their especially good order and interest they have taken in the affair. The prospects for a school here the in-coming year are really flattering. Mr. McCrackin seems to be the right man in the right place; With interest that is taken by both patrons and teachers, success seems to be certain.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers, and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by W. H. Ellis.

The Presbyterian Bazaar.

The ladies of the Presbyterian church gave a bazaar and oyster supper at the Rushing store on South Main st., on yesterday afternoon. There was a large crowd out and the affair was a success in every sense of the word. The table receipts was about \$80.00, about \$60.00 of which is net. The ladies donated a good many other things.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach troubles. Electric Bitters will quickly remove the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough action. Electric Bitters is only 50c, and that is returned if it doesn't give perfect satisfaction. Guaranteed by W. H. Ellis drugist.

An Honest Admission.

We notice in the columns of the Savannah Morning News of Sunday the following extract from an interview with Hon. Rufus E. Lester on his return from Washington to spend the holidays. The following is his reply to questions regarding what was happening in Washington:

"Why, I learn more by reading the Morning News while in Washington," said Col. Lester, "than I hear up there. Those Washington newspaper fellows get on to things and print them before Congress knows what is going to happen. I get most of my information from the Morning News, and the people here who read the paper know as much as I do."

From the above it will be seen that our Hon. Representative is looking well to the interest of his constituents. He is well posted on what is going on. We know this because he says he gets his information from the columns of the Savannah Morning News.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich. says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." There are people in this community who need just such a medicine. For sale by all druggists. Every box warranted.

After The Bay District.

Our friends down in the good old county of Bryan are again making goo goo eyes at the Bay District fellows. For some time they have been counting on an annexation scheme by which they propose to make the Bryan county line run up to Black creek and take in the 1340th militia district and make it part of Bryan county.

Hon. L. M. Lanier, representative from Bryan, was in Statesboro one day last week and says that the people in "The Bay" want to be a part of Bryan. He thinks if they can annex "The Bay" they will have no trouble in moving the county seat to Pembroke.

The Lone Star State. Down in Texas at Yoakum, is a big dry goods firm of which Mr. J. M. Halter is the head. Mr. Halter on one of his trips East to buy goods said to a friend who was in the palace car, "Here, take one of these Little Early Risers upon retiring and you will be up early in the morning feeling good." For the "dark brown" taste, headach and the logy feeling DeWitt's Little Early Risers are the best pills to use. Sold by W. H. Ellis.

The Mayor is contemplating having all the receipts and expenditures of the town published quarterly, as is done in other cities. This gives every citizen a chance to see where the tax money goes, and that is what they are entitled to. The schedule of special taxes should also be published for general information.

Should Call A Halt.

Now that the Christmas Holidays are here we find ourselves in the midst of a general jollification and wasting of money.

It has been a practice for the past few years for a crowd of men and boys to run wild. Particularly is this true as regards the use of fireworks. They insist in making life hideous for everything around them in their fondness of throwing away their money. The practice has become to be a nuisance. The practice of burning up money at the expense of the peace of the balance of the community should be placed under stricter regulations. There is no excuse for the practice to start with. It is usually engaged in by a class of people who have little regard for the rights of others.

In a few days it will be dangerous for a body to drive through town on the account of the fireworks. Those who insist in discharging them care very little whose horse it frightens, and we venture the assertion that there will be many a dollar expended for fireworks this week that should be applied to the grocery account. Every dollar burnt up on fireworks, sky rockets, and Roman candles is worse than thrown away and we hope the city authorities will exercise the strictest care over them.

The Presbyterian Bazaar.

The ladies of the Presbyterian church gave a bazaar and oyster supper at the Rushing store on South Main st., on yesterday afternoon. There was a large crowd out and the affair was a success in every sense of the word. The table receipts was about \$80.00, about \$90.00 of which is net. The ladies donated a good many other things.

The proceeds will be used to furnish the inside of the church.

STUBBS—DARSEY

On Sunday afternoon at the the home of the bride's parents Mr. and Mrs. M. J. Stubbs at Claxton Mr. Ben M. Darsey and Miss Birdie Stubbs were united in marriage.

The Bride is one of Claxton's fairest daughters. She has visited Statesboro quite frequently in the past and has many friends here. A party composed of Messrs. J. W. Williams and Dr. J. B. Warnell of Adabelle, Col. W. G. Warnell and J. W. Westberry of Hagan, have returned from a big hunt down on Bryan neck. They report a large time, killed lots of game and caught lots of fish.

COMMUNICATED.

Register Ga., Dec. 21, 1903—Prof. J. F. McCrackin, assisted by the young ladies of this section, gave a box supper on the 18th inst, for the purpose of stimulating an interest among the patrons and to get money for school purpose. Preceding the sale of the boxes, there were some educational talks by Mr. Henry Jones, et al. Also, a recitation by Miss Lula Donaldson, of Statesboro. The greatest interest was shown; Quite a large crowd attended and every body seemed to have a good time; Wit and humor characterizing the whole program. From the way the boxes sold, one would think that the men and boys present, know a good thing when they see it. The entertainment succeeded, beyond the expectation of the most optimist. A goodly sum of money being collected. The people are to be complimented for their especially good order and interest they have taken in the affair. The prospects for a school here in the in-coming year are really flattering. Mr. McCrackin seems to be the right man in the right place; With the interest that is taken by both patrons and teachers, success seems to be certain.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by W. H. Ellis.

COMMUNICATED.

Barn Burned.

The barn and lot buildings of Mr. A. J. Her, of Harville, was destroyed by fire at an early hour yesterday morning. When the family awoke the barn, containing a lot of feed, was ablaze, and it was only by quick work that the live stock was saved.
The loss is about \$300.00 not covered by insurance.
The cause of the fire is supposed to be rats striking matches that may have been left around, as it caught from the inside.

The Special Edition of The Press reached us on Saturday evening and everybody is complimenting it as one of the best pieces of newspaper work seen here in quite a while. Fifteen Cents Cotton.

Now that sellers are demanding thirteen cents for cotton in August, it begins to look like the prophecy of fifteen cents a pound stands in a fair way to be realized.

The December estimate of the crop by the Agricultural Department of 9,962,000, has been vigorously assailed from many quarters, and the record adduced to show that the government's December estimate has uniformly been too low. But President Peters of the Texas Cotton Growers Protective Association defends the estimate, and says cotton is sure to go to fifteen cents. He writes as follows:

Washington, D. C., Dec. 24th. To the Cotton Growers of the South: I have just completed a careful analysis of the report of the Bureau of Statistics and I am prepared to say that the report issued December 3rd, estimating the crop at 9,962,000 bales is not only conservative, but is over rather than under the indicated yield. I, therefore, earnestly urge all growers of the staple not to part with their holdings, except at the real value thereof, which is not less than fifteen cents per pound, the figure I have repeatedly predicted would be paid.

Pay no attention to the future markets and do not let the middleman and speculators fix the price for the fruit of your labor.
Farmers of the South, this is your opportunity. If there is to be a corner, conduct it yourselves and reap the benefit thereof.

Yours truly,
E. S. Peters,
President Texas Cotton Growers Protective Association.

While Mr. Sully does not insist on the government estimate, The Chronicle has already recorded his bet of \$1,000 with August cotton men that the crop will not exceed 10,250,000 bales. If he is correct it will mean a demand for every bale and an assured stiff price.

Of course if cotton does go to fifteen cents every man will wish that he had received the top notch price for his, but as we have before stated the present figures are such that any man can well afford to sell his crop—indeed for a farmer to refuse to sell when cotton is hovering around thirteen cents seems almost like courting loss from a possible slump. There's good money in cotton at present prices whether fifteen cents is realized, or not.—The Augusta Chronicle.

Better Than A Plaster.
A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected part, is better than a plaster for a lame back and for pains in the side or chest. Pain Balm has no superior as a liniment for the relief of deep seated, muscular and rheumatic pains. For sale by W. H. Ellis.

Some Dissatisfaction.

We understand that there is some dissatisfaction among the smaller merchants in town over the recent business tax ordinance passed by the mayor and council. It seems that some of the smaller merchants think they are discriminated against, inasmuch as they are required to pay the same or a greater tax than the larger merchants pay. They say it is unjust, and the council should arrange a basis of taxation somewhat in proportion to the volume of business. It is to be hoped that the council will look into this complaint and equalize on some such basis as this any disproportionate tax rates that may have been provided for in the tax ordinance. The question of taxes is always an intricate one to deal with, and people are quick to see discrimination. Burdens of taxation should fall equally, and every man made to pay according to his property, and then no one can complain.

NOTICE OF APPLICATION FOR LEAVE TO SELL LAND.

GEORGIA—BULLOCH COUNTY.
To all whom it may concern.
Take notice that on the 30th day of January, 1904, I, a Subdivider, in accordance with the provisions of the act of the Superior Court of said county for an order to sell and re-invest the two-thirds undivided interest of Treva Rich and Allen Finch, minor wards of the undersigned, in that certain tract of 254 acres of land in the 40th G. M. District of said county, bounded north by R. J. Finch, east by T. F. Finch, Lot No. 2, south by Adam Finch, Lot No. 4, west by T. B. Hendrix, John F. Minson and R. J. Finch. Said tract being known as the Oliver Finch home place.
This application is to be made in order to re-invest in other more desirable property, nearer school, etc.
This Dec. 20th 1903.
Mary J. Finch, Guardian.

Unnecessary Revenge.

The cable recently reports that a Spanish archbishop died and, in his will, left \$10,000 to the first commander of his nation, who would successfully lead a conquering army to the soil of the United States. This is the story. It may be contradicted, in due time, because it is not edifying in a prelate and lacks common sense. We take for granted that, even if the clause of the will be correct, the money will indefinitely lie idle in the possession of the executors, if they do not, meanwhile, appropriate it for other purposes. The Baltimore Sun, we think, takes a jocular view of the matter, with a minor chord of sly satire and fact. It says:

"And why, it may be asked, should Spain desire to be further avenged for the loss of Cuba and the Philippines? Has not the United States suffered sufficiently for annexing the Philippines? Hasn't the archbishop proved a gold brick of the basest kind to Uncle Sam? Spain was amply avenged when she unloaded her Far Eastern possessions on this unsophisticated nation. She did us more harm in that transaction that she could possibly inflict by sending an army to this continent to march on Washington. Let her be content with the punishment we have already endured. It is enough for almost any sin.—The Augusta Chronicle.

FOR MEN & WOMEN. These Tablets are prescribed by physicians for the cure of Gonorrhea (white) and all unnatural mucous discharges. They positively cure the worst cases quickly and without risk of stricture. The Alligator Liniment Co., Charleston, S. C., mail them anywhere, on receipt of \$1.00, in plain package. Druggists sell them.
